

Focusing on simple and modern design, operational ease, and installation efficiency, TOSO developed Gracefino, 19mm curtain pole to add new Grace collection.

Topics:

1. Refined Design Finials
2. Line-up Ring Runners
3. Uniquely designed Brackets
4. Double attachment with curtain track Nexty
5. Accessory: Curtain Holder and Arm Holder

Gracefino 19 Mist Silver

Gracefino 19

1. REFINED Design Finial

Four types of finials are available with Gracefino 19.

Tool-less assembling of Gracefino 19
 Fixing Gracefino finials on poles is easy as it doesn't require any tools or screws. Simply insert finial ends, and turn the finial until it is firmly fixed.

2. LINE-UP Ring Runner

Grace 19 Ring Runners

Swing hook turns freely to naturally align curtain waves.

Grace 19 End Ring Runners

End Ring Runner prevents Rings from falling off poles. Simply place End Ring Runner between a bracket and a finial, no additional parts necessary. Grace 19 End Ring Runner is designed not visibly different from Line-up Rings in order to sustain Gracefino's fine design.

Gracefino 19

3. UNIQUELY Designed Brackets

Grace 19 Bracket consists of two parts, base and body.

Bracket base can take up to four screws as required. Two vertically and horizontally accordingly to wall furring.

Bracket Body is attached onto a fixed base, and Grace 19 has no visible screws after installation.

When fixed on horizontal furring, bracket position can be adjusted within maximum 10 mm.

Screw or tool-less installation of Grace 19 is not only with finials, but also with specially designed Brackets.

Fit a pole into a bracket by slowly rolling the pole. The pole is fixed on the Bracket with a Pole Stopper.

4. DOUBLE Attachment with Curtain Track NEXTY

Gracefino Double Attachment
(Window side: Cap D)

Gracefino and Nexty
Double Attachment

Grace 19 Nexty Double Bracket adopts a Grace19 pole and a functional curtain track Nexty.

Nexty available in:

White	Black
Mist Silver	Pearl Gray

5. ACCESSORY

Curtain Holder Fino

As well as Grace 19 Bracket, a Grace Series Curtain Holder is two-parted with a base and a body.

Install a Base on a wall, and place a Body on the Base and fix with a screw as shown.

Available: Silver and Mist Silver

Arm Holder A
