Smart Wave Curtain System

Patented Pending

—Uniform waves create a beautiful silhouette on the windows.

Smart Design

Invisible, Tangle-free Cord

Before

- The cord comes out from the rail.
- The cord gets tangled in the roller and hook.

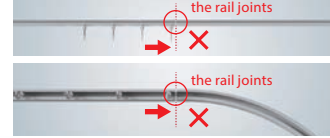

After

Neatly folded tape remains within the rail, "tangle-free".

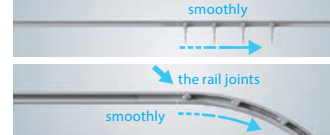

Smart Adaptability

Before

Seamless Hand-draw at Joints

After

The roller runs smoothly over the joint sections.

Smart Operation

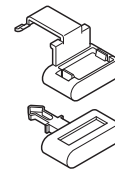

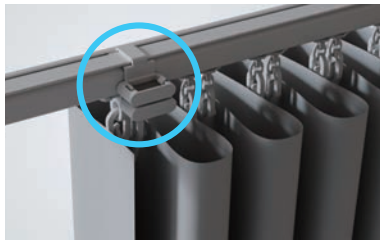

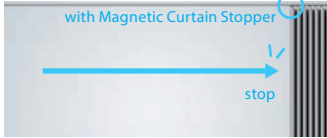

Maximized Window Opening with Smooth Hand-draw

Before

When the curtains are fully opened, they tend to close again due to the rebound of the fabric.

After

Patented

With Magnetic Curtain Stopper,

Curtain can be stopped at any position so that no need tieback to make beautiful wave curtain.

Invisible Curtain Rail – CIERO Series –

—Symmetrical design. Can be used for windows or room partitions.

Noiseless Design

- ▶ A design that blends into the ceiling as if it does not exist.
- ▶ Symmetry design is also suitable for room divider.

Smooth and Quiet Operation

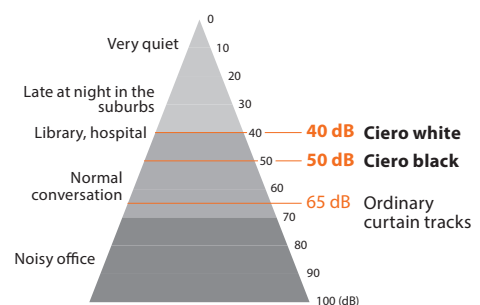

- ▶ Special glider, rail joint and rail surface enable smooth operation even at joint part.
- ▶ Durable slider even no change of its smoothness after 10,000 times use.

Unique Function

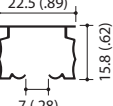

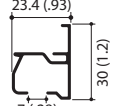

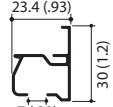

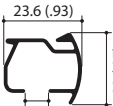

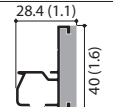

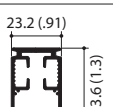

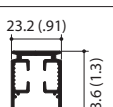

Curtain Stopper

Ensure wide view from a window.
